7. SHOW CAUSE HEARING - KARRUM AMUSEMENTS

Palace Amusement Arcade - 61 King Street East, Hamilton  
Casino Amusement Arcade - 70 King Street East, Hamilton

Mr. & Mrs. Karsten Rumpf, owners of Karrum Amusements, attended together with legal representatives Mr. George Sand of Westmont, Quebec and Mr. Ed Greenspan and Ms. Shayne Kurt of Toronto.

Mr. James Scarfone, Solicitor, represented the Licensing Division and advised that the appropriate notice of hearing letter had been sent to the licence holders. He stated that the City's position was that the licence should be suspended pursuant to By-law 79-323 as amended, and that he intended to call Chief Licence Inspector Doug Rose and Constable Jim Adams of the Hamilton-Wentworth Police Department as witnesses.

In response to a question from Mr. Greenspan, Mr. Scarfone submitted that while there was no provision in the By-law which specifically referred to show cause hearings, the City was entitled to proceed on the basis of a show cause hearing and the onus was on the applicant to show cause why his licence should not be revoked. He said the basis being that the City of Hamilton had absolute discretion to issue, revoke or suspend a licence.

Mr. Greenspan submitted that, in the absence of an exact statutory provision, the Charter of Rights and Freedoms section 7 means there cannot be a reverse onus.

At this point Constable Jim Adams was sworn as a witness and advised the Committee of his 14 years on the force, and that he was presently a Constable working out of the Central Police Station downtown. His particular area of responsibility was foot patrol in the downtown area, and at times he was an Acting Sergeant in a supervisor's role.

Constable Adams advised that in 1991, as the result of problems, greater emphasis was placed on monitoring the Arcades. A three month operational plan had been worked out in March, 1992 between Karrum Amusements and the police, to resolve problems. This plan included the presence of off-duty police officers. The plan had a positive impact, resulting in a decrease in criminal activity and a subsequent reduction in the hours of the off-duty officers. After the replacement of off-duty officers with private security guards, Constable Adams stated that some criminal activity had re-occurred.

A summary of police Occupance Reports from July 1, 1993 - May, 1994 were circulated which included assault level 1, theft, fraud under \$1,000. (fake coins being used in machines), jacket and baseball hat stolen in front of the property, counterfeit currency, breach of probation, breach of recognisance, assault with a weapon, and creating a disturbance in front of the property.

Since May to the present time, Constable Adams stated there had been three occurrences, including a narcotics offence, youths loitering in front of the Arcades and youths charged with obstructing pedestrian traffic, as a result there have been four criminal convictions.

Constable Adams stated that no contact at all had been made with the owners during the last six months. However, good communications had existed and the owners had always been co-operative. He noted that a considerable amount of police time had been expended on this operation and concerns existed with regard to youths loitering in front of the Arcades.

Mr. Greenspan introduced three photographs of the Arcades and adjacent properties and asked how it was determined that youths involved in incidents outside the Arcades had actually been patrons of the Arcades and not of the adjacent properties. Constable Adams agreed it was possible that they had been patrons of another facility. However, in his experience, patrons of the adjoining property did not usually frequent the rear of the property.

Mr. Greenspan then questioned how the Palace could be to blame in the case of someone trying to pass counterfeit money. He suggested that the real problem was that kids had nowhere to live and nowhere to go. If the facility was to be closed down, the problem would still exist but would just move elsewhere. Mr. Greenspan noted that there had been a decrease in loitering and that the police were no longer spending any more time and energy on these properties than on others.

Mr. Doug Rose was sworn as a witness and advised that he had been a Licence Inspector with the City of Hamilton since 1979 and for the past three year had been Chief Licence Inspector.

Mr. Rose's duties as a Licence Inspector were discussed, and he stated that the Licence Division position was that it was the licensee's responsibility to look after activities immediately outside the Arcade as well as those inside. Concerns existed that the public were being caused problems by the large number of youths loitering outside the premises.

Mr. Rose said he felt the withdrawal of the police officers had an adverse affect. He stated that although the owners had been very co-operative in trying to correct the problem, the fact remained that the premises still drew criminal activity to the area, and he believed a licensed establishment should not require this type of enforcement and he was therefore opposed to the licence.

Copies of a brief entitled "Palace and Casino Arcades Brief" were circulated and it was pointed out that the Committee was not in receipt of Licence Inspection reports from May - September. Mr. Rose therefore summarized these reports.

At this point the Chairperson called for a short recess, and at the request of Mr. Greenspan, extended this recess to 15 minutes.

The Committee reconvened and the Chairperson gave the Committee's decision:

"That after deliberation the City of Hamilton Licensing Committee determined not to proceed further with the hearing. While there was sufficient grounds to call a Show Cause Hearing in June based upon the recommendation of the Licensing and Police Departments, the evidence of the last six months gives no basis on which to proceed."

Mr. and Mrs. Rumpf are aware that the previous history of the premises has given the City cause for concern, and it is the Committee's expectation that they have a continued responsibility to be vigilant of their patrons' activities in front and the rear of the premises.

Under these circumstances, the Committee has no alternative but to dismiss the action and allow the parties to go on their way."

4. PROMOTIONAL SCHEME - R.I.D.E. PROGRAMME

The Committee was in receipt of a report from the City Clerk dated 1994 November 3 with regard to a Promotional Scheme and agreed as follows:

That approval be given to the proposal for the R.I.D.E. promotional scheme, initiated by the Hamilton-Wentworth Regional Police Services and endorsed by the City's taxi brokerages, to distribute a special key ring containing a voucher for a specified amount off the price of a taxi ride during the 1994/95 Holiday Season, December 1, 1994 - January 8, 1995, in order to help reduce the number of impaired drivers.

8. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved.

**CITY OF HAMILTON**  
**- INFORMATION -**

**DATE:** 1995 January 6

**REPORT TO:** Stella Glover  
Secretary

**FROM:** Douglas A. Rose  
Chief Licence Inspector

**SUBJECT:** Bingo Proposal

**BACKGROUND:**

In September of 1994, the Licence Division received a proposal from Mr. Leonard Parente who operates bingo halls in Hamilton, Stoney Creek and Burlington. According to Mr. Parente, his proposal would be in the best interests of the charities who operate bingos and ensure them of a reasonable profit. He believes that prizeboards are too high and prices are too low. He is concerned and has suggested that prizeboards be reduced in Hamilton, in order to restore order and create a level playing field in each municipality.

On December 20, 1994, Licensing Staff met with the three Bingo Hall Owners to review the proposal as well as discuss other bingo matters. At this point in time, it appears that two of the three owners do not favour any adjustment and wished to maintain the status quo. Staff will be also be meeting with representatives from the four Bingo Hall Sponsors Associations and the Licensing Departments of Stoney Creek and Burlington to discuss Mr. Parente's proposal.

The Licence Division will review Mr. Parente's proposal and bring forth a recommendation to the Licensing Committee.

Item  
4

**DATE:** 1995 February 2

**REPORT TO:** Chrystabelle Fobler  
Acting Secretary, Licensing Committee

**FROM:** J. J. Schatz  
City Clerk

**SUBJECT:** Taxicab Priority List Annual Renewal for 1994

**RECOMMENDATION:**

- (a) That the attached list of 228 names of individuals who have applied for renewal of their names on the Taxicab Priority List for 1994, in accordance with By-law 93-069, be approved.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

N/A

**BACKGROUND:**

For the year ending December 31, 1993, 250 persons were approved on the Taxicab Priority List. Between January 1, 1994 and September 30, 1994, 210 persons had paid the \$60.00 fee to maintain their names on the Taxicab Priority List.

The Taxicab By-law also provides for a late payment fee of \$100.00 after September 30, 1994 and on or before December 31, 1994. Eighteen individuals renewed their name on the Taxicab Priority List between October 1, 1994 and December 31, 1994 for a total of 228 individuals who are requesting that their names be approved for the 1994 Taxicab Priority List.

The names of 22 persons have been removed from the Taxicab Priority list. Only one letter was returned undelivered and we have been unable to locate this person.

The Taxicab By-law also provides for a late payment fee of \$100.00 after September 30, 1994 and on or before December 31, 1994 in order to maintain one's name on the Priority List. Reminder Notices were forwarded to the 40 individuals, who had not paid the fee of \$60.00 by September 30, 1994. The addresses of these 40 individuals were checked with the existing licence records for any address change. As result, only one letter was returned by the Post Office as undelivered. All three taxicab brokerages were contacted, but this individual has not been located.

Eighteen individuals renewed their name on the Taxicab Priority List between October 1, 1994 and December 31, 1994 for a fee of \$100.00. As a result, there are 228 individuals who are requesting that their names be approved for the 1994 Taxicab Priority List.

DATE: 1995 January 6

As required by Section 45(2) of the Second Level Lodging House By-law, please find attached a list of all Second Level Lodging Houses inspected by our Department during the last twelve (12) month period.

Our Department's inspection policy concerning Second Level Lodging Houses is as follows:

- b) upon receipt of a complaint from: a concerned party, a regulatory department or inter-departmental an inspection is made relative to the specific complaint(s) and the appropriate corrections are ordered
- c) once yearly, each licenced Second Level Lodging House is given a general fire inspection as set out in the Second Level Lodging House By-law, Section 45(1) using all applicable legislation
- d) in addition, we completed inspections in 1994 on all Second Level Lodging Houses for compliance under O.Reg 627/92 Section 9.5. (Ontario Fire Code Retrofit Legislation)

At the last meeting of the Licensing Committee, you requested an update on the licences issued on a probationary basis.

Attached is a list of 24 licensees, who were issued licences on a probationary basis and which expired in 1994. Of the 24 records reviewed, 16 met the probationary conditions and have been issued licences.

The remaining 8 individuals did not submit updated Police and/or Driving Records. Three of the licence holders had gone out of business and no longer required the licences. With respect to the other five licence holders who did not submit records, their licences have been deactivated. No licences will be issued to these individuals until an up-to-date copy of their record is received and reviewed.

After a brief explanation from the City Clerk on the licences issued on a probationary basis, the report dated 1995 February 3 was accepted. (Jones/Eisenberger)

### (c) Bingo & Nevada Lottery Licences

The City Clerk explained that the report dated 1995 February 1 on Bingo and Nevada Lotteries was based on some concern expressed at the previous Licensing Committee meeting whether or not these organizations qualified for lottery licences. Upon investigation, it was confirmed that the organizations in question were registered as Non-Profit Organizations and/or Charitable Organizations.

The Committee accepted the information report. (Eisenberger/Jones)

## 6. OTHER BUSINESS

The City Clerk provided a brief update on the Bingo/Nevada Issue involving the Parente/Falco Group. A detailed report will be prepared for the March 8, 1995 meeting of the Licensing Committee.

The City Clerk also apprised the Committee about the on-going research into the licensing of Monte Carlo Events. A more detailed report will be forthcoming.

7. ADJOURNMENT

There being no further business, the meeting then adjourned.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:** N/A

## **BACKGROUND:**

By January 1992, a number of significant changes had occurred within the Hamilton Bingo Industry which directly affected the profitability of the various bingo sponsors. Not only had the number of sponsors conducting bingo lottery events increased from 84 in 1988 to 147 in 1992, but a new Lottery Licence By-law, 92-006, was passed by Council on December 10, 1991. The Bingo Sponsors Association participated in the formulation of the new bingo regulations.

This new By-law permitted the following: sponsors could increase the number of bingo events played each year from 26 to 52; the City was to no longer monitor game formats or bingo card prices and they were free to conduct bingo in recognition of free market conditions. However, each bingo sponsor was also required to adhere to the Provincial regulation which stated that the total net profits, derived from each bingo lottery event, must not be less than 20% of the gross receipts.

Unfortunately, the effect of these changes resulted in a bingo price war. Since the City no longer monitored card prices or formats, it meant that the more profitable bingo halls, which had the highest attendance and spending, could lower the bingo card prices and still adhere to the 20 % net proceed requirement. The less profitable halls tried to compete by lowering card prices but were unsuccessful in adhering to the 20% requirement. This competitive pricing, during 1992 and 1993, also directly affected the attendance at bingo halls in the Cities of Burlington and Stoney Creek.

With the introduction of new Provincial lottery regulations in August of 1993, the 20% net profit regulation was no longer a requirement as long as the bingo event was deemed to be in the best interest of the community (profitable); prizeboards were permitted to be increased from \$3500. to \$5500. and Super Jackpot Lotteries and the sale of Nevada Tickets were now permitted in the bingo halls, but were required to have a Provincial Licence. The City of Hamilton gave approval to the increase in bingo prizeboards to \$5500. and the sale of Nevada Tickets and Super Jackpot cards at the bingo halls.

On November 30, 1994, the Licence Division received a letter from Mr. L. Parente, Ontario Fundraisers Group and owner of bingo halls in the Cities of Hamilton, Stoney Creek and Burlington. He stated that bingo proceeds to the charities have decreased in this region because of the excessively high prizeboards and low bingo card prices which exist in Hamilton and which directly affected the minimum average spend per person. He also suggested that the highest average spend per person should be maintained for each time slot. The Ontario Fundraisers Group have always had concerns that bingo card pricing in Hamilton was too low.

As a result of these letters of concern, the Licence Division staff proceeded to analyze all bingo statistics for the years from 1988 to 1994. The following information was quite evident:

Since 1988, the number of organizations, licensed to conduct bingo events, has increased from 84 to 159 by 1995 and the number of events per year have increased from approximately 2,000 to approximately 5,136. More charities must now share the revenue derived from this type of lottery scheme. Although this increase in the number of sponsors has directly affected the total amount of net proceeds that the original charities once earned, gross proceeds from bingo lottery events have steadily increased with the exception of 1993, when the net proceeds to the charities was down approximately \$760,000.

Although the bingo lottery net proceeds from all bingo events for 1994 appear to be down, the Bingo Lottery Statistics do not take into consideration the net proceeds derived from the sale of Super Jackpot cards and Bingo Hall Nevada tickets, which must be added to the bingo net proceeds and shared by all bingo sponsors. Net proceeds of \$2,944,000. from the bingo games, when added to the net proceeds of \$2,217,197. from the Super Jackpot games and the sale of Nevada Tickets, total \$5,161,197. in net proceeds for 1994. In comparison to 1993, there has been an increase of \$1,961,776 in net proceeds for 1994.

The closing of the New Airport Bingo Hall in October of 1994 was a major factor in helping to stabilize the Bingo Industry in Hamilton. Approximately 15 sponsors were relocated which attributed to increased attendance and spending at the other halls.

On December 20, 1994, a Meeting was held with the Hamilton Bingo Hall Owners and Staff. Its purpose was to develop a procedure for processing requests for changes to bingo card prices in order to avoid a price war but continue to provide a reasonable financial return to the charities conducting bingo events. The secondary purpose of the Meeting was to discuss Mr. Parente's proposal to reduce prizeboards and increase bingo card prices in the City of Hamilton.

Delta Bingo and Bingo Country Hall Owners both agreed that the market was stable and that no changes should be made in prizeboard structures or pricing. Mr. Parente, owner of Princess and Upper Hamilton Bingo Hall, strongly urged that all bingo halls reduce their prizeboards and increase card pricing.

After considerable discussion, it was agreed that all requests for bingo card changes must continue to be submitted to the City Clerk's department for processing and approval. The City would determine the average minimum spend per person for each time slot and monitor this minimum spend for each organization, in order to avoid any price wars. It was also agreed that there would be no reduction in the permitted maximum prizeboard of \$5,500.

On January 12, 1995, a Meeting was held with the Delta, Princess, Bingo Country and Upper Hamilton Bingo Sponsor's Associations and Staff. The Bingo Sponsors' Associations echoed the same sentiments as the hall owners, respecting Mr. Parente's submission. The Delta and Bingo Country Associations felt that the market was stable at this time and no changes should

be made in prizeboards or pricing. The Upper Hamilton and Princess Sponsor's Association had concerns that pricing was too low and prizeboards were too high which was affecting their profits.

The concern was emphasized that there be no price war and it was agreed that bingo changes, such as formats and card prices etc., would be permitted as long as the average spend per person per time slot was not affected. The importance of submitting accurate bingo financial reports and documents was emphasized and it was agreed that the Associations would provide the Licence Division with monthly statistics on the revenue derived from Super Jackpot games and the sale of Nevada tickets for each sponsor.

On January 30, 1995, Staff met with John Skorobohacz, City of Burlington, Joe Brezina and Lisa Tirabassi, City of Stoney Creek, to discuss the Bingo Industry, in general, since Falco and Parente own bingo halls in Hamilton, Burlington and Stoney Creek. It was agreed that the bingo market had stabilized considerably and that there was no need at this time to further regulate the Industry.

The City of Hamilton emphasized that its major concern was to avoid a price war and any request for bingo changes to card prices or formats should not result in a spend below the approved minimum average spend per person. It was further agreed that each Municipality would notify the other of any changes in prizeboards and card prices.

The City of Hamilton has since been informed that the Cities of Burlington and Stoney Creek will be increasing their bingo prizeboards. As of March 13, 1995, Burlington has approved \$4,700 (Sunday to Thursday) and \$5,000. (Friday and Saturday ) prizeboards for the 10:15 p.m. time slot. Stoney Creek has received applications from the charities at Centennial Bingo Hall requesting to increase their prizeboard for the 7:00 p.m. timeslot to \$5,500., which was recommended for approval on April 1, 1995.

On March 2, 1995, Sheila Rotondi, Lottery Clerk, was informed in a telephone conversation with Mr. Parente that his organization has formally withdrawn his submission to reduce bingo prizeboards and increase card prices in the City of Hamilton.

**SUBJECT:** Municipal Lottery Licensing of Organizations Located  
Outside the Boundaries of the City of Hamilton

**RECOMMENDATION:**

- a) That Bingo Lottery Licences only be issued to structured religious and charitable organizations which have permanent headquarters in the Regional Municipality of Hamilton-Wentworth and their objectives and purposes truly benefit the inhabitants of the City of Hamilton; and
- b) That Break-Open Ticket Licences only be issued to structured religious and charitable organizations which have permanent headquarters in the City of Hamilton.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

N/A

**BACKGROUND:**

**Bingo Lottery Events**

At the January 9, 1991 Meeting of the Licensing Committee, approval was given to the issuance of Bingo Lottery Licences to organizations which were not located in the City of Hamilton, but within the Regional Municipality of Hamilton-Wentworth. These Organizations had to have a charitable purpose which would be beneficial and in the best interests of the inhabitants of the City. As of to-day, there are 159 religious and charitable organizations, of which 16 are out-of-town organizations, conducting Bingo Lottery Events in the City. The only other licensed bingo hall in the Region is located in the City of Stoney Creek which

permits out-of-town organizations, located in the Region, to conduct Bingo Lottery Events and priority is given to local organizations. Stoney Creek will also not license an organization already conducting a bingo event in the City of Hamilton.

### **Nevada Lottery Events**

On September 29 1992, Hamilton City Council approved the sale of Break-Open Tickets from 3rd Party Locations, which may be described as a location, such as a variety store, which is not owned by the charitable organization. Presently, there are 308 organizations selling Break-Open Tickets in the City of Hamilton: 32 local organizations sell tickets from their own premises; 228 municipally licensed organizations sell from registered 3rd Party Locations and 34 Provincially licensed organizations sell from 3rd Party Locations. There has been a proliferation of such lottery schemes in this municipality.

It has been a policy of the City of Hamilton to only issue Nevada Licences to structured religious and charitable organizations which have a permanent headquarters in the City. Out-of-town organizations, making application for Break-Open Ticket Lotteries, were advised to make application in the municipality in which it was located. Over the last several months, there have been requests to sell Nevada Tickets from organizations whose headquarters are located outside the City in municipalities such as Niagara Falls, Toronto and Burlington. Although these organizations do not have a structured organization located in Hamilton, they state that they have a program providing a service to the municipality. The following 7 outside organizations have requested to sell Nevada Tickets in the City of Hamilton:

Club 60, Ada Bland Senior Citizens Centre, Stoney Creek  
Orienteering Ontario, North York  
Ontario Speed Skating Association, Willowdale  
Council of World Affairs of Niagara, Niagara Falls  
Burlington Breast Cancer Support Services Inc., Burlington  
Canadian Spectrum, Mississauga  
World Gymnastics Challenge (Toronto Inc.), North York

### **Provincial Guidelines**

To assist the Municipality in issuing lottery licences, the Provincial Lottery Licensing Policy Manual was issued in August 1993. It helps the municipality provide consistency in the administration of lottery licensing throughout the Province. For example, this manual states the following:

1. Access to gaming opportunities should be made available to a wide range of applicants while ensuring the best interests of the community are upheld.
2. Access to licences should be optimised and organizations which provide services beyond the community may be licensable in more than one community.

3. The municipality may also impose additional terms or conditions which are relevant to the type of lottery being conducted. The Director or a municipal council may at any time suspend, cancel, or refuse a licence. If the municipality is satisfied that it is in the best interests of the community to refuse to issue a licence, it may take into account such factors as the number of licences issued, the playing locations already in existence, and the ability of the licensee to raise sufficient funds to comply with the terms and conditions of the licence.

The Province permits the municipality to license any organization in Ontario which will provide a service to the community. With the exception of bingo lotteries, which are restricted by law to 52 events a year, the Province does not restrict the number of municipalities from which an organizations may conduct a Nevada lottery scheme.

Although the Province issues Provincial Break-Open Ticket Licences, which permit an organization to sell in any municipality in Ontario, in recent months, it has been revoking the Provincial licence of some organizations because they failed to have a true Provincial mandate, which would benefit all Ontario municipalities. As a result, these organizations are submitting lottery applications in municipalities in which they may have an established program. However, their headquarters are located outside the municipality and all revenues derived from the lottery are directly deposited into the lottery account where the headquarters are located.

### **Other Municipalities**

The Cities of Mississauga, St. Catharines, Burlington, Stoney Creek and Oakville, will permit an organization in their region to conduct either Bingo or Nevada Lottery Events, if it is of benefit to the inhabitants of the community. For example, the Burlington Breast Cancer Support Services Inc. is permitted to sell Nevada Tickets in the City of Mississauga because of the benefit it provides to this community. The City of Burlington permits the Hamilton Art Council to sell Nevada Tickets in its municipality. In direct contrast, the City of Windsor only permits local charities to conduct Bingo and Nevada Events in its municipality.

Cities such as Mississauga and Stoney Creek have passed by-laws to regulate the number of locations selling Nevada Tickets for various organizations. There is a requirement for a 500 meter separation between locations from which Nevada tickets are sold. In addition, Mississauga also charges a \$25. Administrative Fee for any changes to the Nevada application and a \$288. annual fee for a Letter of Approval for an organization with a Provincial Licence. As a result of this distance requirement, the City of Stoney Creek has only 16 Third Party Locations from which Nevada tickets are sold and Mississauga, which has a population similar to Hamilton, has approximately 100 locations.

As previously stated, the City of Hamilton has always had a policy which restricted the issuance of licences to local charities for the sale of Nevada Tickets. It was required that these charities be located within the municipality and provide a service to the community as a whole. Staff is responsible for monitoring the financial accountability of the lottery and investigating

all complaints. With 308 organizations presently selling Nevada tickets in Hamilton, staff resources are strained to the limit. The request by out-of-town groups to be licensed to sell Nevada tickets in Hamilton would put an additional burden on the Licence Division in monitoring these organizations which are not as accessible as local charities if there is an enforcement or administrative problem. Because the revenues derived from the lottery may be used anywhere in Ontario, staff also has concerns that the proceeds raised for outside organizations may not be used to benefit this community.

Taking into consideration the large number of organizations presently selling Nevada Tickets from registered 3rd Party Locations in the City of Hamilton, together with the requirement to monitor their financial accountability and investigate numerous complaints such as misappropriation of funds, we believe that it is in the best interest of this municipality to refuse to issue Nevada licences to an out-of-town organization until such time as a local chapter or structure is established in the City by these organization.

It is also recommended that the objectives and purposes of the 16 organizations, which are presently licensed to conduct bingo lottery events and whose headquarters are located outside the municipality, be reviewed in order to determine if they are still providing a benefit to the inhabitants of the City of Hamilton. If it is determined that the organization is providing no benefit to this municipality, by examining its financial documents and use of the revenue derived from the bingo lottery, further lottery licences should not be issued. A report on each of these charities will be prepared for review by the Licensing Committee. It is recommended that this phase-out period be completed by December 31, 1995.

The following out-of-town organizations were issued bingo lottery licences:

1. **Rotary Club of Ancaster A.M.:**

**SUBJECT:** Media Bingo - Ontario Brain Injury Association

**BACKGROUND:**

The Licensing Committee, at its meeting of March 8, 1995, approved the application of the Ontario Brain Injury Association for a media bingo.

On March 15, 1995, Dean Barrow, Senior Licence Inspector, met with Larry Nelles, Manager, Resource Development and Gail Clayton, Financial Controller, of this organization to discuss the financial accountability of this lottery scheme.

In accordance with the Provincial Terms & Conditions for Media Bingos, this organization will be responsible and accountable for the overall management and conduct of this bingo and decide all operational, administrative and staffing requirements.

The designated person in charge of the event shall be responsible for all bingo card sales and maintain a serial number record showing the distribution of cards to each location, cash received and unsold or returned bingo cards. This record shall account for all cards and cash totals and reconcile totals at the conclusion of each event.

The licensee shall:

submit to the Licensing Division for approval, the procedure in which a winner is determined and the prize will be awarded;

not use money from any other source to pay for expenses related to the media bingo;

not exceed 5% sales commission of the price of each card sold;

not exceed 15% of the total gross receipts derived from each event as administrative expenses, excluding sales commissions and licence fee;

provide a sample of advertising and any promotional materials for approval; and

retain books, records and financial documents for not less than 4 years.

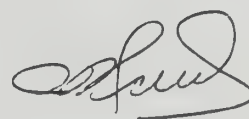

A separate Media T.V. bank account has been set up for this lottery scheme into which all revenues derived from the lottery will be deposited. The Licence Division will receive computer printouts of the serial numbers of the bingo tickets which have been distributed and sold in each location within the Municipality, cash received and unsold or returned bingo cards. All financial transactions are to be by cheque only and monthly photocopies of deposit slips, bank statements and cancelled cheques for each location will be sent to the Licensing Division. There will be no transferring of revenue from this lottery account into other accounts and all cheques issued for its various objectives and purposes will be monitored.

This organization will also submit a list of Municipalities and locations in which the media bingo cards are to be sold. This information will be updated as changes are made.

This organization will be using the services of Bazaar & Novelty for the printing and Bazaar Marketing for the distribution of all media bingo cards. The retailer will be responsible for completing the reconciliation form for financial and card control, which will be sent by Courier to the charity's main headquarters.

A copy of the Provincial Terms and Conditions, respecting Media Bingo, was given to Mr. Nelles and Ms. Clayton for their consideration.

The complete plan, respecting this media bingo, will be forwarded to the Licence Division by this charity.

A handwritten signature in dark ink, appearing to be 'M. Nelles', is located in the lower right quadrant of the page.

# **CITY OF HAMILTON**

## **- RECOMMENDATION -**

**DATE:** 1995 June 9

**REPORT TO:** Susan K. Reeder  
Secretary, Finance and Administration Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Hours of Operation for Bingo Parlours

### **RECOMMENDATION:**

- (a) That the City of Hamilton Licence By-law 93-069, Schedule 15, respecting Public Halls and Certain Places of Amusement, be amended to permit licensed bingo halls to extend the hour of closing to 4:00 a.m., Saturday and Sunday mornings respectively, on a 6-month trial basis, effective June 30, 1995; and,
- (b) That parking lot security be provided by the bingo hall between the hours of 12 o'clock midnight and 4:00 a.m, for Saturday and Sunday mornings respectively, and
- (c) That the City Solicitor be authorized and directed to prepare the appropriate amending By-law.

### **FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

It will be necessary for the Licence Inspectors and Lottery Clerk to monitor the 1:00 a.m. bingo events during the trial period. These additional bingo events will generate approximately \$1320. in licence fees per week.

### **BACKGROUND:**

Schedule 15 of the City of Hamilton By-law 93-069, respecting Public Halls and Certain Places of Amusement, states that "no person shall carry on or operate a bingo hall except between the hours of 8:00 in the forenoon and 1:00 in the forenoon of the following day."

On May 4, 1995, the City Clerk's Department received a written request from Cameron & Johnstone Ltd., owners of the Delta Bingo Hall, to extend the permitted hours for operation of bingo parlours from 8:00 a.m. to 1:00 a.m. of the following day to 8:00 a.m. to 4:00 a.m. of the following day. This request was based on the following reasons:

- a) Monte Carlo Events are permitted until 4:00 a.m.;
- b) the City of Burlington permits the conduct of bingo events after 1:00 a.m.; and
- c) Hamilton charities will have an opportunity to raise new or additional funds.

Ontario Fundraisers, owners of the Princess and Upper Hamilton Bingo Halls, have no objection to the extended hours past 1:00 a.m., if it is supported by the residents who live in the immediate area of the bingo hall. The Princess Bingo Sponsors Association opposes the recommendation for the following reasons: it feels that the sponsors will not be able to provide adequate volunteers and will have to rely on hall help to conduct the bingo event; it will adversely affect profitable time slots which are held earlier during the day as the various halls attempt to compete against each other for customers and it will cause undo noise and disturbances on the neighbourhood as the players leave the hall.

The owners of Bingo Country and its Bingo Sponsors Association also have no objection, as long as any bingo events after 1:00 a.m. are monitored to determine any negative effects, such as a decrease in the number of patrons attending the earlier events. They recommended that security guards be hired to monitor the hall's parking lot to ensure the safety of the patrons and representatives of the charity who are leaving the hall between the hours of 1:00 a.m. and 3:30 a.m.

The City of Burlington permits bingo lottery events to be held after 1:00 a.m. Midnight Madness is held from 1:00 a.m. - 3:00 p.m. and the Sunrise Bingo commences at 3:45 a.m. Burlington restricts these games to Saturday and Sunday mornings as it has been determined that these time periods are the most profitable. There is no security provided.

The following municipalities were surveyed:

1. The City of Oakville permits a 12:30 a.m. to 2:30 a.m. bingo lottery on the weekends. Presently, only one of the two bingo halls in Oakville conducts these early morning events.
2. The City of Ottawa's Bylaw permits the conduct of bingo events from 12:30 a.m. to 3:00 a.m. for weekends only.
3. The City of Windsor conducts bingo lottery events on a 24-hour basis. The various sponsors have had difficulty in recruiting bonafide volunteers for the early morning events. It must be emphasized that 95% of the bingo patrons are American.

4. The Town of Fort Erie conducts bingo lottery events between the hours of 8:00 a.m. and 2:00 a.m. of the following day. Ninety percent of their patrons are American. The only security feature that this hall provides is video cameras which monitor the parking lot.
5. The City of Vaughan licenses the bingo hall in Woodbridge. Although, 1:00 a.m. to 3:30 a.m. bingo events are permitted daily, these events are only conducted on the weekend.
6. St. Thomas, North Bay, Pembroke and Ajax license bingo lottery events until 3:00 a.m. and halls must provide security guards in the parking lots.
7. The City of Mississauga is presently reviewing a request for an extension of the hours of operation of bingo halls past 1:00 a.m.
8. St. Catharines restricts the hours of operation of the halls to 12:00 midnight. As well, all bingo events in the City of Niagara Falls must finish by 12:30 a.m.
9. In the Cities of Toronto and North York, bingo halls are closed by approximately 1:00 a.m. Etobicoke's by-law states that no bingo event can begin after 10:30 p.m. and all patrons must leave the hall by 11:30 p.m.

In order to determine the effect of these extended hours in bingo halls, it is recommended that there be a 6-month trial period in order to analyze the impact on the Bingo Industry, as well as the neighbouring residential areas. It is also recommended that these events be restricted to Saturday and Sunday mornings because weekends are historically the more profitable time periods and it should be easier for the licensees to get volunteers from its membership to work at the event. If security guards are provided during these early morning hours, it may encourage more customers to attend 1:00 a.m. bingo games, as well as reduce the risk of thefts to patrons and the sponsors who may be carrying large sums of money. There will be no buses available after 1:00 a.m. and all patrons will have to use either taxicabs or private vehicles.

**2. BUSINESS ARISING FROM THE MINUTES**

Alderman Drury questioned staff as to why there was no report on Lap Dancing as recommended by the Committee at the previous Licensing Committee meeting. There were two people in attendance who were interested in the report as well as the community at large, and Alderman Drury was very concerned that staff had nothing to report.

Mr. Barrow, (Acting) Chief Licence Inspector, apologized to Alderman Drury and members of the Committee for not having the requested report; however, Mr. Barrow indicated that he was of the impression that Alderman Drury was made aware of the delay.

Mr. Schatz, also offered his apologies and advised that there may have been a miscommunication.

Alderman Drury requested a letter be handed to every person who applies for an Adult Entertainment Licence or a renewal. The letter will indicate to the dancers that the City of Hamilton is sympathetic to the personal dilemma many of them face regarding Lap Dancing and is diligently working with the Police, Health and Legal Departments to come up with solutions. In the meantime, however, if the dancers are experiencing problems with the owners and/or customers, are concerned for their safety and feel they cannot go to the Police, that they should contact a specific person(s) in the Licensing Division and the Police Department. The letter should also clearly indicate to the dancers that their complaints or concerns will be handled in the strictest confidence.

Alderman Drury decided to draft the letter himself, and upon suggestion by the other members of the Committee, will consult with Ran Sabo from the Legal Department prior to sending out any correspondence.

### 3. RATIFICATION OF LICENSES ISSUED

The Committee was in receipt of a report dated 1995 July 6 from the Manager of the Licensing Division respecting ratification of licences issued for the period 1995 June 5 to 1995 June 30.

Mr. Jones declared an interest with regard to the application from Hamilton Mountain Rotary Club and refrained from discussion and voting in this matter.

The Committee agreed that the following Licence Report respecting Licence Applications for the period 1995 June 5 to 1995 June 30 be formally approved: **(Drury\Child)**

4. SECOND LEVEL LODGING HOUSE - 265 BAY STREET SOUTH

Dean Barrow re-iterated for the members that the report respecting 265 Bay Street South was brought to the attention of the Licensing Committee at its meeting of 1995 June 14, at which time the Committee asked that the Licensee, Mrs. Amelia Acierto be invited to attend the July meeting.

Mr. Barrow introduced Mr. and Mrs. Acierto and provided a brief explanation on the Second Level Lodging House. On June 8, 1994, the Licensing Committee placed 265 Bay Street south on probation for a one year period. That period lapsed last month, at which point, the Committee was made aware that a few violations had occurred relating to Health (Nursing) and Fire.

The Chairperson advised Mr. and Mrs. Acierto of the Licensing Committee's responsibility and concerns and he provided them with an opportunity to respond.

The Committee agreed to take the matter under advisement and retired to deliberate (Jones/Child)

Reconvening in open session, the Committee agreed with the following slightly amended recommendation: (Child/Drury)

- (a) That the probationary period placed upon the Second Level Lodging House Licence of Mrs. Amelia Acierto at 265 Bay Street South be extended for one year; and,
- (b) that diligent monthly inspections be carried out by the Licence and Health Departments.

5. HOURS OF OPERATION FOR BINGO PARLOURS

Mr. Barrow explained that the report respecting hours of operation for Bingo Parlours was first brought to the Committee's attention as an Information Item at the June, 1995 meeting of the Licensing Committee. The report was on the agenda for the June Finance & Administration Committee meeting and was referred back to the Licensing Committee.

Mr. Barrow reviewed the contents of the report for the benefit of the Committee and answered questions relating to the issue. Much discussion ensued relating to the safety of the patrons attending Bingo's all night, particularly women, leaving the premises at 3:00 or 4:00 in the morning, the noise and disturbances of the surrounding neighbourhood, etc.

The Licensing Committee voted that no action be taken with respect to the hours of operation for bingo parlours, and referred the matter to the Finance and Administration Committee. (Drury/Jones)

## 6. OTHER BUSINESS

### i) 419 King Street East - Viking Restaurant

The Committee was in receipt of a Private and Confidential information report regarding the Viking Restaurant at 419 King Street East. Alderman Morelli, Ward 3 requested to speak to the Committee regarding this issue. The Committee agreed to take the matter under advisement and retired to deliberate.

Reconvening in open session, the Committee agreed as follows: (Child/Drury)

- (a) That a Show Cause Hearing be scheduled; and,
- (b) That members be polled for attendance, once date is secured.

### ii) 7 Tisdale Avenue South - "Speedway Bar"

The Committee was in receipt of an information report regarding the Speedway Bar. Alderman Morelli once again addressed the Committee and provided information on this item. The Committee agreed to take the matter under advisement and retired to deliberate.

Reconvening in open session, the Committee agreed as follows: (Drury/Child)

That staff be directed to confer with the Fire Department with regard to this issue.

## 7. ADJOURNMENT

S. Glover, Secretary, City of Hamilton Licensing Committee

**1. MINUTES OF MEETING**

The Chairperson welcomed everyone to the meeting. In order to accommodate the large number of members of the public in attendance, the Chairperson moved the meeting to the Council Chambers.

The Chairperson called the meeting to order and advised those present of the powers of the Licensing of the Licensing Committee and the procedures to be followed with regard to submissions.

Doug Rose, Chief Licence Inspector, introduced Mr. Ricca, and his legal counsel, Mr. Castle. He provided information with regard to notice given to Mr. Ricca and stated that he had been advised that Mr. Castle would be seeking an adjournment.

Mr. Castle requested an adjournment in view of the fact that he had only received notice of the meeting from his client on the previous Monday, and had not had an opportunity to review the evidence or the testimony of the witnesses. In view of this, Mr. Castle said it would be prejudicial to his client to proceed at that time, but that he was prepared to set a further date at the convenience of the Committee.

Alderman Drury referred to a letter from the City Clerk to Mr. Ricca dated July 5, 1995, and the meeting which had taken place with Mr. Ricca on July 13th, at which time Mr. Ricca had been advised that there would be a Show Cause Hearing respecting his restaurant. Therefore, Alderman Drury said he felt the applicant had an opportunity to obtain legal assistance at an earlier date.

Mr. Castle explained that although his client had notice of the Show Cause Hearing, he himself had not received the relevant information in adequate time. Mr. Rose then advised of efforts by the City Clerk's Office, by the Licence Division, to provide Mr. Ricca with the relevant information.

At this point the Committee retired to obtain legal counsel.

The Committee then reconvened and agreed to adjourn the Show Cause Hearing until Tuesday, 1995 September 12 at 6:00 p.m. in the Council Chamber.

**CITY OF HAMILTON**  
**- RECOMMENDATION -**

**DATE:** 1995 September 6

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** 644 Barton Street East  
Klub 644

**RECOMMENDATION:**

- (a) that the Licensee continue to provide off-duty police officers, and
- (b) that the Licence Division be notified by the licensee of any hearing held at the Liquor Licensing Board of Ontario.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

N/A

**BACKGROUND:**

The Committee will recall that at, its meeting of March 8, 1995, a Public Hall licence was approved for 644 Barton Street East for Jane Palkowski subject to the following conditions:

- (i) The Licence Division will monitor and report back to the Committee at the end of three months and six months periods,
- (ii) The Licence Division is to be notified by the licensee in advance of events being held and when Special Occasion Permits are issued,
- (iii) The Licence Division is to be notified by the licensee of any hearing held at the Liquor Licensing Board of Ontario,
- (iv) The Licensee is to provide off-duty police officers for each event to monitor both the Hall and the Parking Lot and
- (v) The licensee is to be brought before the Licensing Committee if any problems occur.

A report was submitted to the Licensing Committee at their meeting held June 14, 1995 in which it was recommended that the off-duty police officers be maintained and a final report to be submitted in September.

The Licensee is complying with the conditions under which her Public Hall licence was issued by:

- (a) informing the Licence Division of each event,
- (b) supplying two off-duty police officers for each event, and
- (c) not allowing alcohol to be consumed on the premises.

However, there continues to be a concern regarding activities outside the premises and the potential for an escalation of these activities. Over the past three months, there have been a number of alcohol-related charges laid by the Police in the parking lot at the rear of the premises and the parking lot across the street.

The Special Duty Officers have indicated that it would be a mistake to remove their services. They have also suggested that the issuance of a liquor licence for this premises would increase the possibility of more problems.

The Licence Division concurs with the Hamilton-Wentworth Regional Police and would not support the removal of all the existing conditions.

Alderman F. Eisenberger

Mr. A. J. Child

**Also present:**

Alderman B. Morelli  
Mr. Michael Ricca, Appellant  
Mr. Mark Castle, Lawyer  
Mr. Brian Hinkley, Citizen  
P.C. Mike Hamner, Hamilton-Wentworth Regional Police  
P.C. Doug Ordowich, Hamilton-Wentworth Regional Police  
P.C. John Lewiston, Hamilton-Wentworth Regional Police  
Det. Steve Stone, Hamilton-Wentworth Regional Police  
Yvonne Levin, Area Business Owner  
Prampreet Singh, Shahensah, Area Business Owner  
Doug Rose, Chief Licence Inspector  
Ron Sabo, Law Department  
Stella Glover, Licensing Committee Secretary

The Chairperson performed introductions and explained the purpose of the meeting which was a Show Cause Hearing, to decide whether or not the business known as The Viking Restaurant at 419 King St. E., should be allowed to retain its business licence. The Chairperson explained the process and the quasi-judicial powers of the Licensing Committee.

Mr. Michael Ricca, the owner of The Viking Restaurant, attended together with his legal representative, Mark Castle.

Doug Rose, the Chief Licence Inspector for the City of Hamilton, advised of meetings which had taken place during the previous week between the applicant and the Licence Division, as a result of which a number of conditions had been proposed for the continued operation of the facility. Copies of the proposed conditions were distributed to the Committee and Mr. Castle and Mr. Rose explained the conditions and their agreement thereto.

The City called the following witnesses from the Hamilton-Wentworth Regional Police and neighbouring businesses, who gave sworn evidence with regard to problems experienced in the past at the premises with regard to the lack of proper management responsibility and control by the licensee and his employees, i.e. failure to prevent criminal offenses from occurring on the premises; and noting that there had been a decrease in the number of problems during the last two months:

P.C. Mike Hamner, Hamilton-Wentworth Regional Police  
P.C. Doug Ordowich, Hamilton-Wentworth Regional Police  
P.C. John Lewiston, Hamilton-Wentworth Regional Police  
Det. Steve Stone, Hamilton-Wentworth Regional Police  
Yvonne Levin, World Wide Beauty Supply  
Prampreet Singh-Shahensah, 425 King St. E.

At this point the Committee retired to deliberate.

Resuming in open session, the Chairperson advised that the Committee had considered the evidence and noted that a revocation of the licence, if ratified by City Council, could result in an appeal by the licensee to divisional court. The revocation would then be stayed until the appeal was heard, in approximately six months to one year's time, and during this time, the licensee could continue to operate.

Therefore, the Chairperson stated that, recognizing that there had been serious problems in the past, and not satisfied that these problems had been rectified, in the best interest of the community, the Committee imposed the following conditions upon the licensee in order that he may operate until the L.L.B.O. hearing on 1995 November 21.

The Licensee shall:

- (a) Provide the Hamilton-Wentworth Regional Police with a letter of authority, which enables the police to bar anyone they deem undesirable for the betterment of the community; and
- (b) Permit monthly inspections of the premises by the City's Building and Fire Departments and Regional Public Health Department. These departments are to report any deficiencies to the Licence Division; and
- (c) Repair all damaged glass at the premises within 24 hours or as soon as possible; and
- (d) Agree that the City of Hamilton may be represented at the Viking Restaurant's LLBO hearing scheduled to be held on November 21st, 1995 at the Ellen Fairclough Building subject to any orders of the LLBO; and
- (e) Permit the Hamilton-Wentworth Regional Police Department to have the area beat patrol officer attend the premises nightly as a liaison officer; and
- (f) In co-operation with the City of Hamilton, to request the Hamilton-Wentworth Regional Police Department to provide the City with all occurrence reports regarding the Viking Restaurant; and
- (g) Adhere to all conditions of this liquor licence. The Licence Division, in co-operation with the Viking Restaurant, is to request the LLBO Inspector to report any violations to the Licence Division; and
- (h) Take steps to ensure that patrons of his premises do not loiter on any outside property under his control; and
- (i) Permit the City to install a bicycle rack on the west side of the Viking Restaurant in its discretion; and
- (j) Install a phone line for staff use only, not accessible to customers; and
- (k) Contact police directly if trouble occurs on the premises or instruct staff to do so when Licensee is not on the premise; and
- (l) To post security in the amount of \$500.00 in cash or by irrevocable standby letter of credit as security to ensure compliance by the Licensee of the above noted conditions such sum to be forfeited to the City on default, however, prior to such forfeiture, the Licensee shall be provided with an opportunity to contest such default before the City of Hamilton's Licensing Committee.

Any violations of the above conditions will result in an immediate Show Cause Hearing.

The Chairperson stated that an agreement would be drawn up by the Licence Division to this effect; and it was the Committee's belief that the operators would operate in a satisfactory manner, if not, they would be brought back before the Licensing Committee. He stated that the Committee had no intention of allowing these conditions to recur, that the public had a right to peace and quiet, and it was the unanimous decision of the Committee that action be taken if problems reoccurred.

Alderman Drury advised that he had never seen the kind of response which the area residents had shown in attending the hearing that evening, and advised that Mr. Sabo will draft an agreement in conjunction with the Licensing staff and then send it to Mr. Castle. He cautioned the applicant and his patrons to govern themselves accordingly as 300 eyes were upon them.

Alderman B. Morelli suggested that some form of bond be associated with these conditions in order that some for of repercussions would occur if the conditions were not met. Mr. Castle consulted with his client and advised the Committee that his recommendation to his client was not to agree on the basis that this would create a double indemnity, however, he said his client was prepared to offer a bond of \$500 as a show of good faith.

The Committee agreed that this further condition be included in the list of conditions.

There being no further business, the meeting then adjourned.

**DELEGATION:**

**A. Delegation - Messrs. Cameron and Johnson re hours of operation for Bingo Parlours.**

Jim Childs declared an interest due to a personal acquaintanceship with members of the delegation and left the room during this item.

The Committee was in receipt of a report dated 1995 June 9 from the City Clerk respecting the above noted matter.

Messrs. Cameron and Johnson attended and addressed their request for an extension of hours of operation for bingo parlours. They asked the Committee for the same extensions as were allowed for Monte Carlo events, and indicated that other cities operated extended hours with the result that Hamilton bingo halls were losing customers.

The Chairperson advised the delegation of concerns including impact on the neighbourhood, i.e. parking in the area and the resultant noise at a later hour. He said it had also been felt that the extension of hours would only spread the available funds over a greater number of hours rather than increase the funds.

Messrs. Cameron and Johnson requested that the proposed extension be tried on a six month basis and asked that the Hamilton bingo hall operators be allowed a level playing field in order to be able to compete with bingo halls in other areas.

After consideration, the Committee agreed to take the matter under advisement and tabled this matter until the next Licensing Committee meeting to be held on 1995 October 11, at which time, staff reports are to be available with regard to traffic and noise control.

**1. ADOPTION OF MINUTES**

- (a) The minutes of the Licensing Committee meeting held 1995 July 12 were amended to reflect the fact that separate reports were received with regard to 7 Tisdale Ave. S. and The Speedway Bar.
- (b) Minutes of the Special Licensing Committee meeting held 1995 August 29 were adopted as present.

**2. RATIFICATION OF LICENCES ISSUES**

The Committee was in receipt of a report dated 1995 September 5 from the Manager of the Licensing Division respecting ratification of licences issued for the period 1995 July 4 to September 1.

The Committee subsequently agreed that the following licence report respecting licence applications be adopted.

**CITY OF HAMILTON**  
**- RECOMMENDATION -**

**DATE:** 1995 October 5

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Media Television Bingo

**RECOMMENDATION:**

That the Media Bingo licence which was issued to the Ontario Brain Injury Association for a 6-month trial period, from May 13, 1995 to November 4, 1995, be extended for an additional trial period, terminating on June 24, 1996.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

The Licence Fee is \$5610.

**BACKGROUND:**

As you may recall, on March 8, 1995, the Licensing Committee approved the media bingo application of the Ontario Brain Injury Association for a 6-month trial period.

On September 14, 1995, Dean Barrow, Senior Licence Inspector, and Sheila Rotondi, Lottery Clerk, met with Larry Nelles, Director of Fundraising, and Richard Guinan, Executive Director, representatives of this organization, as well as Bill Danychuk, CHCH producer of this televised bingo. Concerns were expressed by staff that this lottery was not adhering to the 15% maximum administrative requirement, that no substantial profit had been made and that this organization may not want to continue with this lottery event.

Mr. Nelles stated that they anticipated a successful lottery and indicated that ticket sales were steadily increasing. The number of locations have been reduced from 1800 to 1200 and the number of tickets given to each location has been significantly reduced in order to decrease administrative costs. Their objective is to comply with the 15% administrative requirement.

Appendix 1 indicates the financial breakdown for the first 10 weeks of this Media Lottery. Although there are losses for most weeks, it was emphasized that the summer months are traditionally slow in ticket selling but will steadily increase beginning in the fall. Mr. Nelles stated that this Media Bingo was a positive and viable lottery scheme; that they are cutting costs and that they have established better selling locations.

In Appendix 2, Mr. Nelles outlines in his letter the various steps taken by the organization to make this Media Bingo a successful lottery. He has also submitted a financial projection for the period from September 2, 1995 to February 24, 1996, indicating anticipated lottery profits.

Mr. Danychuk indicated that he, personally, has had first hand experience in this type of lottery event, being involved in Media Bingos in the 1960s and expected this lottery to be profitable. Mr. Nelles stated that his organization would be the first to request a cancellation of this event, if he felt it would not be successful.

Attention: Mr. Dean Barrow  
Senior Licence Inspector

Dear Mr. Barrow:

Thank you for the opportunity to meet with you and Sheila last Thursday. We very much appreciate your interest and helpfulness to ensure that the Ontario Brain Injury Association's (OBIA) Rainbow TV Bingo becomes a successful fundraiser. We are grateful for your cooperation and willingness to work with us. As suggested during our meeting, we have outlined below the background and current plans of Rainbow TV Bingo, and have enclosed the financial information requested.

During the summer of 1994, when OBIA conceived the idea of a unique, province-wide, TV bingo game on CHCH-TV, we approached the MCCR with the plan and a proposal for a provincial licence. We had intended to start the game in January 1995. However, between the time it took for the Ministry to advise us that the licencing responsibility would remain a local municipal affair rather than a provincial responsibility, and resolution of the issue of a Thorold licence or a Hamilton licence, we weren't able to air the first game until May 27th, a much less favorable starting time than the planned January start up. Nevertheless, OBIA felt that if we aggressively promoted and sold game one tickets for at least three weeks prior to game one it would give us a chance to build solid sales and a strong following. However, just prior to launch yet another hurdle had to be overcome. The ticket supplier had an unforeseen printing problem that reduced the pre-game selling time from the three weeks planned to less than one week and this too affected revenue generated.

continued on Page 2

Despite these challenges, with hard work and perseverance, we have steadily built participation through the usually slow summer months. Also, we have been able to use the knowledge and experience gained to reduce costs and increase sales. For instance, we recently adjusted our bingo card order to more accurately reflect sales and this will reduce costs. We have also been able to take advantage of economical target market advertising opportunities which together with enhancement of our distribution network will increase sales.

We feel very strongly that Rainbow TV Bingo is well on its way to becoming a viable fundraiser for OBIA thereby enabling us to serve over 16,000 Ontarians who live with the effects of traumatic brain injury. With the enhancements made, we are looking forward to a strong performance through the upcoming fall, winter and spring seasons.

Appended as requested is a 26 week projection covering the period September 2, 1995 to February 24, 1996. Also enclosed with this letter are two video cassette copies of the September 16, 1995 Rainbow TV Bingo telecasts, several samples of the weekly bingo cards and two posters.

If you have any questions, please don't hesitate to call me. Again, on behalf of OBIA please accept our thanks and appreciation for your advice and assistance.

Yours truly,

A handwritten signature in cursive script, appearing to read "L. Nelles", followed by a period.

Director of Fundraising.

**CITY OF HAMILTON**  
**- RECOMMENDATION -**

**DATE:** 1995 October 4

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Criteria for the Issuance of Lottery Licences to Out-of-Town Organizations

**RECOMMENDATION:**

That the current practice of denying out-of-town Break-Open Ticket Lottery applications be discontinued and those eligible organizations be given the opportunity to conduct the lottery event, if it is determined that the proceeds will be used to benefit the inhabitants of Hamilton.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

Additional license fees and some increase in the workload for staff.

**BACKGROUND:**

It has always been the City's policy to restrict Break-Open Ticket licences to eligible local organizations. The exceptions have been the issuance of 16 Bingo Lottery licences to out-of-town organizations located in the Region, where it was determined that it was in the best interest of this community. The following out-of-town organizations have requested to sell Nevada Tickets in Hamilton:

Club 60, Ada Bland Senior Citizens Centre, Stoney Creek  
Orienteering Ontario, North York  
Ontario Speed Skating Association, Willowdale

Council of World Affairs of Niagara, Niagara Falls  
Burlington Breast Cancer Support Services Inc., Burlington  
Canadian Spectrum, Mississauga  
World Gymnastics Challenge (Toronto Inc.), North York

Provincial policy states that a municipality may issue a lottery licence to any eligible organization which is located in the Province of Ontario and is providing a direct benefit to the municipality. A municipality may also refuse to issue a licence if it is considered not to be in the best interest of the community and may take into account such factors as the number of lottery licences already issued, the playing locations in existence and the ability of the licensee to raise sufficient funds.

All out-of-town organizations must provide documentation with their application, outlining the direct benefits being provided to the City of Hamilton. If it is recommended by staff that a licence should be issued, this application will be highlighted on the weekly list of licences to be approved. A copy of the information, provided by the organization as to how it will benefit the City of Hamilton, will be included. If staff recommends that the lottery application be denied, a show cause hearing will be scheduled before the Licensing Committee.

**CITY OF HAMILTON**  
**- RECOMMENDATION -**

**DATE:** 1995 October 5

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Violation of the Lottery Terms and Conditions

**RECOMMENDATION:**

That the Licensing Committee adopt the following policy, respecting violation of Lottery Terms and Conditions:

1. Organizations who do not comply with the Provincial Lottery Terms and Conditions will receive a First Warning Letter. This letter will be sent to the two designated members in charge of the lottery.
2. If there is a second occurrence, a Second Warning Letter will be sent which states that the Licensing Committee will be notified of the violation and that a further occurrence may result in the licence being revoked.
3. On the third occurrence, the Licensing Committee will be advised of the violation and a Hearing will be requested to review the status of the lottery licence.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

Some increase in the workload for existing staff.

**BACKGROUND:**

The Province authorizes the municipality to issue licences for most of the lottery schemes conducted in the community. These includes Bingo licences with prizeboards up to \$5,500, Raffles up to \$50,000 and Break Open Ticket lottery licences. It is the responsibility of the Licensing Authority to investigate occurrences in which licensed organizations have violated

the Terms and Conditions of the licence. Municipalities may suspend or cancel the licence of an organization for contravention of the Provincial Terms and Conditions.

In the City of Hamilton, the most common violation of the Terms and Conditions is the organization's failure to submit lottery financial reports in a timely fashion. Financial reports for Bingo lottery events must be submitted within 15 days of the events and for Raffle, Bazaar and Break Open ticket lotteries, 30 days from the date of the lottery or, as in the case of break open ticket lotteries, when all tickets are sold.

It is also a requirement that Bingo and Break Open Ticket licensees submit a photocopy of their monthly bank statements and cancelled cheques from their lottery trust account in order that staff can monitor the proper use of the proceeds. Charities are failing to comply with this requirement and have continued to ignore letters requesting this information.

**A. DELEGATION**

Mr. Andy Robertson, of the Hamilton Tartan Club, attended and addressed the Committee with regard to City regulations for Monte Carlo Licence approval. Mr. Robertson requested that staff be instructed only to interfere with the operation of Monte Carlos in so far as the Provincial legislation allows them to, and that if they wish to change the regulations locally, they advise the operators that they are doing so.

The Committee was in receipt of a report dated 1995 October 11 from the City Clerk respecting the above noted matter. Mr. Doug Rose addressed the report and advised that the Licensing Division was recommending that the request to the Province to give the Municipality authority to control Monte Carlo Licences be rescinded.

After consideration, the Committee adopted the following:

- (a) That Municipal approval of Monte Carlo Lottery Licence Applications (MCLL) be based on the eligibility of the organizations to qualify for a licence, the proceeds from the lottery scheme are of benefit to the inhabitants of the Municipality, and that event locations comply with local by-laws; and,
- (b) That the recommendation requesting that the Province give the Municipality authority to control Monte Carlo licences be rescinded.

Alfeo Acierto, Appellant

The Chairperson called the meeting to order and advised that a Special Meeting of the Licensing Committee had been called for the purpose of holding a Show Cause Hearing with regard to the Second Level Lodging Home Licence for the Sampaguita Lodge and Rest Home, 265 Bay St. South.

Doug Rose, Chief Licence Inspector, advised the Committee that Mrs. Acierto's licence had been issued on two prior occasions for a probationary period, and stated that the reason for the present hearing was the continued violation of the Fire and Health Regulations during the most recent probationary period.

Dave Christopher, Fire Inspector, was sworn as a witness and gave evidence with regard to inspections of the Property by the Fire Department and infractions which had been found. He stated that outstanding infractions included stairwell doors being propped open and faults in the fire alarm system.

Mr. Watters questioned the witness and noted that the applicants could have applied for an extension of time, but had not done so and had attempted to resolve the identified problems. He stated that Mrs. Acierto had notified the Fire Department immediately a problem had become evident, and had taken steps to have the wiring work done.

Mr. Christopher answered questions from the Committee with regard to the number of violations and the effectiveness of the sprinkler system and noted that three notices had been issued this calendar year.

Mr. Rose had advised of a notification dated October 5, 1995 which listed 20 items and which had all been rectified by October 25, 1995.

Mr. Rose then called Janet Hashem who gave sworn testimony with regard to her duties as a Public Health Inspector, and inspections since March 1995 which had caused concern. These included operational and maintenance problems, housekeeping not kept up, and broken equipment not being repaired. She cited cleaning deficiencies and smoking infractions, and said in her opinion, the home was below average standards.

Mr. Watters questioned Ms. Hashem with regard to the risk to residents, and was advised that there could have been a problem, although she was not aware of a problem occurring.

Diane Nelson, a Registered Nurse, was sworn as a witness and informed the Committee of her duties, and outlined violations, including non-compliance for TB testing, medication not locked away, and a low stock of all food groups. She said residents could have been at risk as a result of these infractions.

Mr. Watters questioned Ms. Nelson and noted that there had been no reported misuse of medication and that a nutritional analysis of the menus provided had been carried out with Mrs. Acierto.

Betty Lou Purden, Manager of the Community Team with the Social Services Department gave sworn testimony with regard to her duties and advised that on two occasions, she had received notices of insurance lapsing at the licensed premises, which had subsequently been reinstated.

Carmella Vidic, a Lodging Home Worker with the Regional Social Services Department gave sworn testimony with regard to her duties and advised of complaints and the high turnover of residents.

In response to questions from Mr. Watters, Ms. Vidic stated that the complaints included the home being dirty and smelling of urine, and that staff on duty was of unkept appearance. She said complaints had been received regarding the poor physical condition of the home, a client not receiving nutritional meals, and a bedroom which was in a converted garage. These complaints resulted in a client being moved to another home. Mr. Watters noted that the dates of these complaints was 1994.

Mrs. Amelia Acierto was sworn as a witness and introduced a number of invoices which have been incurred as a result of retrofitting and improving the premises. She advised that she was of the opinion that matters were up to date with the exception of the wiring, which was in the process of being rectified. Mrs. Acierto stated that she did not ask for a time extension because she felt that the work would be completed before the deadline. She advised of the difficulties in serving meals with both the stairwell doors closed and expressed a willingness to do anything to resolve this problem. In the meantime, she had posted a large sign on the door advising that it must be closed at all times.

With regard to the smell of urine on the premises, Mrs. Acierto stated that this was largely due to a resident who would not use the appropriate bathroom facilities. Attempts were being made to place this resident elsewhere, but had so far not met with any success.

The insurance problems, Mrs. Acierto stated, were as the result of a financial problem and because of the difficulty in getting insurance because of the high costs. However, this problem was now resolved.

Mr. Rose asked Mrs. Acierto whether the emergency systems were checked annually, and was advised that this was done, but that the Certificates of Compliance were often delayed. Mrs. Acierto stated that training programs were given to staff in emergency procedures.

With regard to the amount of subsidy by the Region, Mrs. Acierto advised that this was in the amount of \$2,000.00 or \$3,000.00 dollars, depending on the number of residents in the house.

Mr. Dave Christopher of the Fire Department was recalled and asked by the Committee about the re-wiring of the fire alarm system. He advised that the wiring was substandard because lamp wire had been used and broke easily.

Mr. Christopher advised of a system which was available, which would hold a door open and close it when the fire system was activated. This system cost in the region of \$150.00 per device.

Mrs. Acierto was recalled and asked by the Committee why she had not addressed the problems immediately when she was aware that the home would be subject to monthly inspections. Mrs. Acierto stated that she had addressed the problems immediately, but that the matter had been delayed because the plans were going to and fro between the City and herself. She advised that a house cleaner had been hired and she did not know why she had been placed on probation in July.

Mrs. Acierto stated that the alarm company would be installing the alarm within the next day or two.

Betty Lou Purdon was recalled and advised that the amount of the subsidy averaged out a \$1,069. per month. Therefore, the total income from 11 residents would be in excess of \$11,000. However, Ms. Purdon did not know how much the 3 private residents were paying.

Mr. Rose advised that this had been an ongoing problem for the Licence Division for the past 2 years. He advised of two previous probationary terms, and the evidence given that evening with regard to the health and safety of the residents being put at risk. He said, therefore, because of the non-compliance, he would request that the licence be revoked.

Mr. Watters gave his closing statement and said that problems had occurred in the past, but that the licensees had attempted to rectify the situation. The most recent problem was one which the licensee detected and which she had undertaken to rectify.

Mr. Watters stated that there was no indication that at any time the health of residents had been imperilled, despite the low food supply and the fact that medicines had not been properly locked away. The problem with the fire door could be resolved now that the Fire Department had indicated how this could be done.

Mr. Watters submitted that the matter regarding the revocation of the licence be deferred until the licence automatically comes up for review at the end of the year, and by that time, hopefully, all the wiring would be completed. Mr. Watters stated that notwithstanding the seriousness of the concerns that had been raised, he did not feel the problem fell within the category to revoke their licence.

At this point, the Committee agreed to take the matter under advisement and retired to deliberate.

Resuming in open session, the Chairperson advised that it was reserving a final decision in this matter to November 8, 1995 and in the meantime, the Committee expected that the licence holders would have the necessary work required by the Fire Department completed to the satisfaction of the Fire Department.

The Chairperson thanked everyone for their testimony and patience in this matter.

There being no further business, the meeting then adjourned.

**CITY OF HAMILTON**  
**- RECOMMENDATION -**

**DATE:** 1995 October 5

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Media Television Bingo

**RECOMMENDATION:**

That the Media Bingo licence which was issued to the Ontario Brain Injury Association for a 6-month trial period, from May 13, 1995 to November 4, 1995, be extended for an additional trial period, terminating on June 24, 1996.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

The Licence Fee is \$5610.

**BACKGROUND:**

As you may recall, on March 8, 1995, the Licensing Committee approved the media bingo application of the Ontario Brain Injury Association for a 6-month trial period.

On September 14, 1995, Dean Barrow, Senior Licence Inspector, and Sheila Rotondi, Lottery Clerk, met with Larry Nelles, Director of Fundraising, and Richard Guinan, Executive Director, representatives of this organization, as well as Bill Danychuk, CHCH producer of this televised bingo. Concerns were expressed by staff that this lottery was not adhering to the 15% maximum administrative requirement, that no substantial profit had been made and that this organization may not want to continue with this lottery event.

Mr. Nelles stated that they anticipated a successful lottery and indicated that ticket sales were steadily increasing. The number of locations have been reduced from 1800 to 1200 and the number of tickets given to each location has been significantly reduced in order to decrease administrative costs. Their objective is to comply with the 15% administrative requirement.

Appendix 1 indicates the financial breakdown for the first 10 weeks of this Media Lottery. Although there are losses for most weeks, it was emphasized that the summer months are traditionally slow in ticket selling but will steadily increase beginning in the fall. Mr. Nelles stated that this Media Bingo was a positive and viable lottery scheme; that they are cutting costs and that they have established better selling locations.

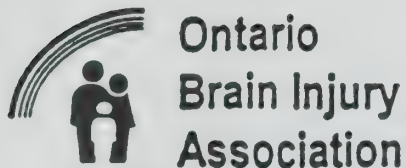

In Appendix 2, Mr. Nelles outlines in his letter the various steps taken by the organization to make this Media Bingo a successful lottery. He has also submitted a financial projection for the period from September 2, 1995 to February 24, 1996, indicating anticipated lottery profits.

Mr. Danychuk indicated that he, personally, has had first hand experience in this type of lottery event, being involved in Media Bingos in the 1960s and expected this lottery to be profitable. Mr. Nelles stated that his organization would be the first to request a cancellation of this event, if he felt it would not be successful.

Attention: Mr. Dean Barrow  
Senior Licence Inspector

Dear Mr. Barrow:

Thank you for the opportunity to meet with you and Sheila last Thursday. We very much appreciate your interest and helpfulness to ensure that the Ontario Brain Injury Association's (OBIA) Rainbow TV Bingo becomes a successful fundraiser. We are grateful for your cooperation and willingness to work with us. As suggested during our meeting, we have outlined below the background and current plans of Rainbow TV Bingo, and have enclosed the financial information requested.

During the summer of 1994, when OBIA conceived the idea of a unique, province-wide, TV bingo game on CHCH-TV, we approached the MCCR with the plan and a proposal for a provincial licence. We had intended to start the game in January 1995. However, between the time it took for the Ministry to advise us that the licencing responsibility would remain a local municipal affair rather than a provincial responsibility, and resolution of the issue of a Thorold licence or a Hamilton licence, we weren't able to air the first game until May 27th, a much less favorable starting time than the planned January start up. Nevertheless, OBIA felt that if we aggressively promoted and sold game one tickets for at least three weeks prior to game one it would give us a chance to build solid sales and a strong following. However, just prior to launch yet another hurdle had to be overcome. The ticket supplier had an unforeseen printing problem that reduced the pre-game selling time from the three weeks planned to less than one week and this too affected revenue generated.

continued on Page 2

Despite these challenges, with hard work and perseverance, we have steadily built participation through the usually slow summer months. Also, we have been able to use the knowledge and experience gained to reduce costs and increase sales. For instance, we recently adjusted our bingo card order to more accurately reflect sales and this will reduce costs. We have also been able to take advantage of economical target market advertising opportunities which together with enhancement of our distribution network will increase sales.

We feel very strongly that Rainbow TV Bingo is well on its way to becoming a viable fundraiser for OBIA thereby enabling us to serve over 16,000 Ontarians who live with the effects of traumatic brain injury. With the enhancements made, we are looking forward to a strong performance through the upcoming fall, winter and spring seasons.

Appended as requested is a 26 week projection covering the period September 2, 1995 to February 24, 1996. Also enclosed with this letter are two video cassette copies of the September 16, 1995 Rainbow TV Bingo telecasts, several samples of the weekly bingo cards and two posters.

If you have any questions, please don't hesitate to call me. Again, on behalf of OBIA please accept our thanks and appreciation for your advice and assistance.

Yours truly,

A handwritten signature in dark ink, appearing to read "L. Nelles", followed by a period.

Larry Nelles,  
Director of Fundraising.

**RAINBOW TV BINGO****BACK-UP DATA:**

- Effective week 21 (Oct. 14, 1995) we have reduced our ticket order by half. This will result in a cost saving of \$7,500.00 per week.
- Effective week 27 (Nov. 25, 1995) the advertising costs will be reduced to \$50.00 per week resulting in a cost saving of \$740.00 per week.
- Based on the first 14 weeks sales history, when the game was being played during the usually slow summer months, we have very conservatively predicted a 3% increase in weekly sales from week 15 to week 22, and a 2% increase from week 23 to week 40.
- We started the game on May 27, 1995 with a network of 1850 retailers selling the tickets. Between natural attrition and the active culling of poor sites, we have reduced that number to approximately 1200 retailers. We plan to increase the number of active sites by 1% per week between week 15 and week 40.

**- INFORMATION -**

**DATE:** 1995 November 2

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Hours of Operation for Bingo Parlours

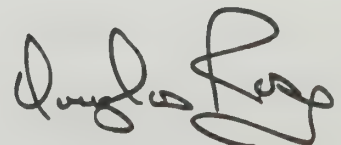

**BACKGROUND:**

As you may recall, the Licensing Committee, at its September 13, 1995 meeting, received additional information from a delegation from the Delta Bingo Hall, respecting the hours of operation for Bingo Parlours. The Committee agreed to take this matter under advisement and table it to receive input from the Traffic Department and the Noise Control Officer.

The Traffic Department has advised that Parking Control Officers are not on duty Friday and Saturday nights and, as a result, no parking enforcement would be provided. This Department has also expressed its concern that the Hamilton Street Railway does not operate their buses during the proposed extended hours.

The Chief Noise Control Officer has stated that no noise complaints had been received with respect to bingo parlours and supports the recommendation for a 6-month trial period for such events.

Attached is a copy of the original report for your information.

## **- RECOMMENDATION -**

**DATE:** 1995 June 9

**REPORT TO:** Susan K. Reeder  
Secretary, Finance and Administration Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Hours of Operation for Bingo Parlours

### **RECOMMENDATION:**

- (a) That the City of Hamilton Licence By-law 93-069, Schedule 15, respecting Public Halls and Certain Places of Amusement, be amended to permit licensed bingo halls to extend the hour of closing to 4:00 a.m., Saturday and Sunday mornings respectively, on a 6-month trial basis, effective June 30, 1995; and,
- (b) That parking lot security be provided by the bingo hall between the hours of 12 o'clock midnight and 4:00 a.m, for Saturday and Sunday mornings respectively, and
- (c) That the City Solicitor be authorized and directed to prepare the appropriate amending By-law.

### **FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

It will be necessary for the Licence Inspectors and Lottery Clerk to monitor the 1:00 a.m. bingo events during the trial period. These additional bingo events will generate approximately \$1320. in licence fees per week.

### **BACKGROUND:**

Schedule 15 of the City of Hamilton By-law 93-069, respecting Public Halls and Certain Places of Amusement, states that "no person shall carry on or operate a bingo hall except between the hours of 8:00 in the forenoon and 1:00 in the forenoon of the following day."

On May 4, 1995, the City Clerk's Department received a written request from Cameron & Johnstone Ltd., owners of the Delta Bingo Hall, to extend the permitted hours for operation of bingo parlours from 8:00 a.m. to 1:00 a.m. of the following day to 8:00 a.m. to 4:00 a.m. of the following day. This request was based on the following reasons:

- a) Monte Carlo Events are permitted until 4:00 a.m.;
- b) the City of Burlington permits the conduct of bingo events after 1:00 a.m.; and
- c) Hamilton charities will have an opportunity to raise new or additional funds.

Ontario Fundraisers, owners of the Princess and Upper Hamilton Bingo Halls, have no objection to the extended hours past 1:00 a.m., if it is supported by the residents who live in the immediate area of the bingo hall. The Princess Bingo Sponsors Association opposes the recommendation for the following reasons: it feels that the sponsors will not be able to provide adequate volunteers and will have to rely on hall help to conduct the bingo event; it will adversely affect profitable time slots which are held earlier during the day as the various halls attempt to compete against each other for customers and it will cause undo noise and disturbances on the neighbourhood as the players leave the hall.

The owners of Bingo Country and its Bingo Sponsors Association also have no objection, as long as any bingo events after 1:00 a.m. are monitored to determine any negative effects, such as a decrease in the number of patrons attending the earlier events. They recommended that security guards be hired to monitor the hall's parking lot to ensure the safety of the patrons and representatives of the charity who are leaving the hall between the hours of 1:00 a.m. and 3:30 a.m.

The City of Burlington permits bingo lottery events to be held after 1:00 a.m. Midnight Madness is held from 1:00 a.m. - 3:00 p.m. and the Sunrise Bingo commences at 3:45 a.m. Burlington restricts these games to Saturday and Sunday mornings as it has been determined that these time periods are the most profitable. There is no security provided.

The following municipalities were surveyed:

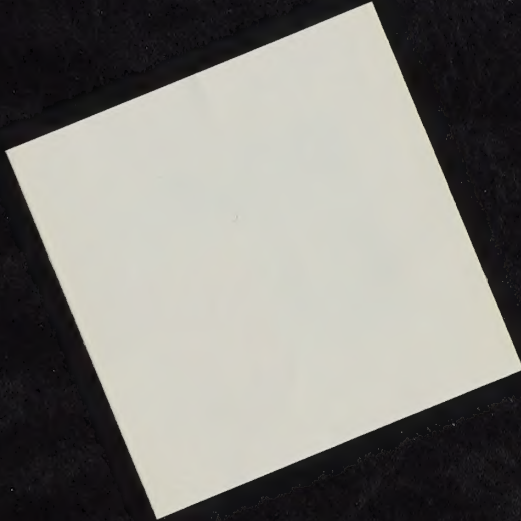

1. The City of Oakville permits a 12:30 a.m. to 2:30 a.m. bingo lottery on the weekends. Presently, only one of the two bingo halls in Oakville conducts these early morning events.
2. The City of Ottawa's Bylaw permits the conduct of bingo events from 12:30 a.m. to 3:00 a.m. for weekends only.
3. The City of Windsor conducts bingo lottery events on a 24-hour basis. The various sponsors have had difficulty in recruiting bonafide volunteers for the early morning events. It must be emphasized that 95% of the bingo patrons are American.

4. The Town of Fort Erie conducts bingo lottery events between the hours of 8:00 a.m. and 2:00 a.m. of the following day. Ninety percent of their patrons are American. The only security feature that this hall provides is video cameras which monitor the parking lot.
5. The City of Vaughan licenses the bingo hall in Woodbridge. Although, 1:00 a.m. to 3:30 a.m. bingo events are permitted daily, these events are only conducted on the weekend.
6. St. Thomas, North Bay, Pembroke and Ajax license bingo lottery events until 3:00 a.m. and halls must provide security guards in the parking lots.
7. The City of Mississauga is presently reviewing a request for an extension of the hours of operation of bingo halls past 1:00 a.m.
8. St. Catharines restricts the hours of operation of the halls to 12:00 midnight. As well, all bingo events in the City of Niagara Falls must finish by 12:30 a.m.
9. In the Cities of Toronto and North York, bingo halls are closed by approximately 1:00 a.m. Etobicoke's by-law states that no bingo event can begin after 10:30 p.m. and all patrons must leave the hall by 11:30 p.m.

In order to determine the effect of these extended hours in bingo halls, it is recommended that there be a 6-month trial period in order to analyze the impact on the Bingo Industry, as well as the neighbouring residential areas. It is also recommended that these events be restricted to Saturday and Sunday mornings because weekends are historically the more profitable time periods and it should be easier for the licensees to get volunteers from its membership to work at the event. If security guards are provided during these early morning hours, it may encourage more customers to attend 1:00 a.m. bingo games, as well as reduce the risk of thefts to patrons and the sponsors who may be carrying large sums of money. There will be no buses available after 1:00 a.m. and all patrons will have to use either taxicabs or private vehicles.
